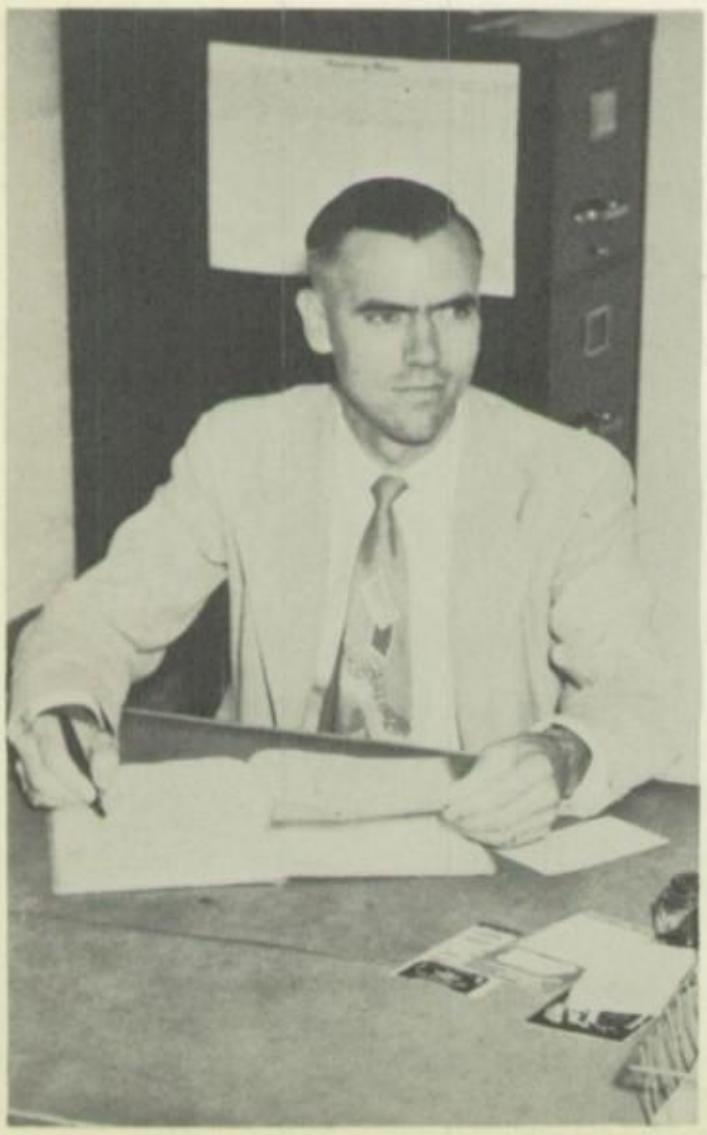
Principal's Message



The great desire of the ages is for happiness and security growing forth from a foundation of personal freedom based upon high standards of moral and religious virtues. This search is being made constantly by each individual in a different way. There is no rule of thumb that any one can offer to all that will insure success and happiness. There are certain requirements that must be met before happiness can be attained. Everyone must feel that he is loved and is wanted by the members of his group. This feeling of being loved and of being a part of a group becomes a part of the individual and grows from within. The key to this doorway to happiness actually exists within each person and is found and used only when he places the welfare and happiness of his fellow man before his personal good.

Last Will and Testament

We, the Senior Class of 1952-53 have drawn up our "Last Will and Testament," and wish to present it to the public in the CORSAIR.

To our parents and teachers, to whom we are most deeply indebted, we express our sincere appreciation for their constant guidance, loyal devotion, and for all other services rendered by them throughout our journey along the road of education. To our teachers, we also wish to leave fond memories of our Class.

We leave our past experiences to the First Grade and sincerely hope that they will be able to profit by our mistakes.

Members of the Senior Class bequeath to fellow students the following:

I, Bobby Evans wish to leave my happy-go-lucky disposition to anyone who wants it.

I, Jim Brasington take great pride in presenting to Dewey Robinson my magnetic personality, providing he will use it as date bait.

I, Margie Foy will my ability to write constructive editorials for the "Pirate's Press" to Delorise Alvis.

Incidentally, any A.B.C. chewing gum found in the Senior Homeroom automatically becomes the property of the present Juniors.

I, Stanley Martin regret to say that I have nothing to leave because I am deeply attached to all my valuable possessions. P.S., I did decide to give Faye Hart my muffler.

I, Vivian Cooper will my unusual ability to learn History to Vonzeil Gay.

I, Shirley Gandy leave my sweet, charming personality to Donna Hiers.

I, Frank Selph will my technique to manage a farm successfully while also attending school to Harris Greene.

I, Joanne Phillips desire to will my willingness to accept responsibilities to Ann Fort.

I, Mary Fannie Cannon leave my position, as Senior Class President to the most capable individual in the Senior Classes of the future generations of Pavo School.

I, Betty Jean Dorminy will my dependability to Mary Lee Murray.

I, Gene Hobbs will my outstanding talent as a musician and vocalist to Wendell Woods.

I, Ronald Cooper finally leave Pavo High School, and anyone who wishes to follow in my footsteps has my permission.

I, Dorothy Beaty bequeath to Joan Gardner my optimistic attitude toward life.

We, Betty Jean Thomas, Dorothy Wilson and Annie Lou Waters will our ability to make life an enjoyable challenge to Janie Fort, Lavern Dean and Betty Greene.

I, Jake Zeigler leave my reputation as a handy man, who is always willing to fill in anywhere needed to Albert Greene.

I, Ramsey Clark will my skill to play Basketball to Maurice Herndon, with the hopes that he will be able to be high scorer for his team.

And now we bid you Adieu.

Margie Foy

Prophecy

LOOKING INTO THE FUTURE

As I drove past the All Purpose Atomic Power Plant, intuition made me rub my eyes to asure myself that I wasn't dreaming in Fairy Land. What has happened to my old hometown during my absence? Pavo is no longer a small town, but it is a large thriving city. In fact, Pavo has been made the capital city of Georgia because of extensive progressmade by the use of atomic energy.

A distinguished young gentleman has recently been elected Governor of Georgia. "No," he isn't Herman Talmadge this time. He is none other than my old Senior Homeroom teacher, Mr. Thaxton I. Shelley. Governor Shelley has invited all the members of his 1952-53 Pavo Senior Class to a Banquet which he is giving especially for them. Along with the others, I have been ushered to my reserved seat. As I look around me, I hardly recognize the once familiar faces of my old classmates! It's amazing how things can change during a few years' absence. Isn't it?

The Governor delivers the welcome speech, and Mrs. Joanne Zeigler gives the response. Mrs. Zeigler is a Laboratory Technician, and she and Mr. Stanley Martin discovered how to convert atomic energy into valuable sources of power which has fast begun to replace electricity. Mr. Zeigler is now president of the First National Bank in Pavo.

Mrs. Shirley Brasington, who is seated to my left informs me that her husband, Jim is a veterinarian, and owner of the Big Hill Side Ranch. Shirley has given up her career as an executive secretary at Sears Roebuck and Company to be a constant companion to little Jim Junior. Miss Betty Jean Thomas, Mrs. Dorothy Jones and Mrs. Annie Lou Waters are still employed at Sears.

Mrs. Dorothy Westmoreland, who is seated to my right and Mary F. Cannon, who is sitting next to Dot are owners of the popular Westmoreland Beauty Shop which is located on the famous Morris Street. While conversing with Frank Selph, I discovered that he is a prosperous produce farmer. He has received several patents for his new farm machinery known by the famous trademark, Selph's Specialty. At this time, Captain Evans and Lieutenant Clark are given special recognition by the Governor for the outstanding services rendered by them in the U.S. Navy. Vivian Cooper, who is sitting immediately in front of me is now teaching History at the University of Ione. Rev. Gene Hobbs is now Pastor of the First Baptist Church in Pavo. He and his wife, Joyce have been working diligently together. As usual, Mr. Ronald Cooper is attracting attention while he is taking a movie picture of the Banquet for his newsreel. Incidentally, Mr. Cooper is owner of Pavo's largest Cinerarama Theater. While everybody has been chatting excitedly, the complete menu has been served. The speaker for the evening is Miss Betty Dorminy, a missionary who has recently returned from Nigeria. She speaks about "Americanism," which proves to be most interesting. After the Banquet, I said good-bye to everyone and hurried away to write my next feature story and also a news story for the "Pirate's Press."
